## DISASTER MANAGEMENT CAMP

10

“Effective Preparedness... Better Response”

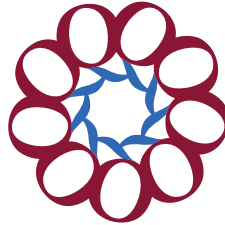

UNDER THE PATRONAGE OF  
His Excellency  
Sheikh Mohamed bin Abdul-Rahman bin  
Jassim Al Thani  
Prime Minister &  
Minister of Foreign Affairs

This is a well-deserved message of gratitude and appreciation for all the sponsors and supporting entities that greatly helped organize an outstanding DMC-9. Together, we look forward to further steps on the journey of success and excellence with DMC-10.

Yousef bin Ali Al-Khater  
President of QRCS

## **QATAR FUND FOR DEVELOPMENT**

مندوق قطر للتنمية

Qatar Fund for Development (QFD) is the State of Qatar's official provider for international development and humanitarian assistance. Guided by Qatar's National Vision 2030 and the State's International Cooperation Strategy, and aligned with the 2030 Agenda for Sustainable Development, QFD leads transformative change by translating Qatar's commitment to global solidarity into action, advancing progress toward a just, sustainable, and inclusive world through innovative finance, strategic programs, and high-impact partnerships.

Since its establishment, QFD has disbursed over \$7 billion across more than 100 countries, leveraging impact investments and diversified financing toolkit, including concessional loans, guarantees, grants, and blended finance, QFD delivers scalable solutions that empower communities, strengthen resilience, and foster inclusive growth, while addressing both national priorities and global development challenges.

# QRCS EXPERTISE IN DISASTER MANAGEMENT CAMPS

Over the years, QRCS has organized several disaster management training camps, graduating hundreds of volunteers who later engaged effectively in QRCS's responses to many disasters and crises, both locally and internationally. Not only in Qatar but also regionally, DMC has become a landmark program of QRCS, eagerly awaited by many national and international government organizations and NGOs, as the only Arabic-speaking training of its kind.

# EFFECTIVE PREPAREDNESS AND BETTER RESPONSE

The State of Qatar attaches great importance to the management of natural disasters, as well as international cooperation to deal with and mitigate their impact. Capacity-building is a national priority under Qatar National Vision 2030, which seeks to maintain social stability, while ensuring national preparedness.

In this context, QRCS organizes a disaster management training camp, under the slogan “Effective Preparedness and Better Response”. It is seen as the MENA region’s leading capacity-building program, designed to enhance the skills of disaster management specialists and train emergency personnel.

# WHAT DMC FEATURES

- Specialized field training in the services provided for affected people during emergencies (shelter, WATSAN, nutrition, and health) to graduate well-trained, deployable volunteers for disaster response plans.
- Crowd management in emergencies, which enables institutions and other stakeholders to better manage disasters and incidents at public and crowded facilities.
- Qualified graduates who can respond to disasters and use disaster management tools and equipment up to international standards.
- Introduction to ERU-Field Hospital, through a full-fledged field hospital to be installed and operated on-site.
- Piloting of QRCS's emergency response plan for update and verification.
- Training to manage emergency operations and use operations room for effective coordination and response.
- Practice of simulation scenarios for region-specific disasters and response mechanism, to improve coordination with competent authorities/institutions, based on their respective role(s).
- Participation of GCC General Secretariat, ICRC, IFRC, and Arab National Societies.
- Humanitarian Tent lectures on main humanitarian topics, discussed by keynote speakers.
- Introduction to ERU-MHPSS & the services provided in emergencies.
- Introduction to ERU-WASH & the services provided in emergencies.

# VISION

To promote public awareness about the importance of disaster preparedness and mobilize resources towards a family and society where the culture of preparedness is a general behavior, not mere information.

# OBJECTIVES

## Main Objective

To improve disaster preparedness/response capacity  
among participating organizations and trainees

## Secondary Objectives

To create well-trained teams of disaster management specialists to  
ensure a better and more effective risk response

To share disaster response expertise among National  
Societies and Qatari institutions

# ABOUT DMC-10

9

Days

50

Trainers & Trainer Assistants

300

Participants:

QRCS's volunteers with disaster management training certification

Personnel of QRCS's foreign offices/missions

Representatives of Qatari government bodies and NGOs

Representatives of MENA National Societies and relief agencies

## Training Areas

Field Assessment & Coordination

Media & Communications in Emergencies

Emergency Shelter

Disaster Management & Fundamental  
Humanitarian Standards

Water and Sanitation

Humanitarian Information Analysis

Food Security & Livelihoods

Psychological Support

Emergency Planning & Operations Room

Safer Access

Health in Emergencies

Restoring Family Links

# SCENARIOS

## Daily Scenarios

Trainees are engaged in unexpected disaster simulation scenarios, with the task of rapid response to the situation using the acquired skills and information.

## Field Coordination & Assessment Exercise

On day 8, there is conducted a drill in which the teams apply what has been practiced throughout the camp. It involves field visits to certain sites in Mesaieed; interviews with the public; development of intervention plans based on the given simulation scenario; and analysis of strengths, weaknesses, and potential risks.

# OUTCOMES

Training curriculum for field disaster management camps

Disaster simulation drills/scenarios

Developed skills of using advanced disaster management tools/equipment

Select group of outstanding volunteers for trainer qualification and deployment with relief missions

Internationally recognized disaster management certification

100 hours of diverse specialized and practical disaster management training

# HUMANITARIAN TENT

تأهب فعال... استجابة

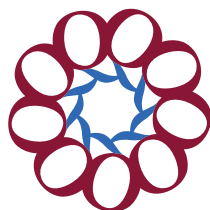

9 مخيم إدارة الكوارث  
Disaster Management Camp

الخيمة

An evening lecture held to discuss topics related to disaster management and humanitarian action in general, featuring local and international experts/VIPs. Held according to an agenda from 6:00 to 7:00 pm.
